

## Wireless Pro Upgrade Panel for w/Leak Guard for Triton

Introducing the Lake Lifter's Pro Wireless Control Panel for Triton - the ultimate solution for upgrading your standard Triton Control box to a PRO WIRELESS Control Box with advanced features. By simply replacing the panel, your customers can enjoy the latest technology in boat lift control. The LCD display is easy to read, and the programming features make operation hassle-free. With our world-class leak guard detection, your investment is always protected, even while you're away. In the event of air leakage, we'll automatically lift your boat lift and keep track of the count so you can assess the severity upon your return.

**SAFER, FASTER, STRONGER**
